GSR bullet Point for Reporting

From the District

- Grapevine Discussion – Groups should discuss the financial stability of Grapevine/La Vina and discuss whether the group and the district should support these publications/services.
- Website update/discussion:
- Vote on excess funds:
- Discussion on Financial Transparency – Co-DCM Christina H had a conversation with the Delegate regarding financial reporting. In this conversation, Delegate reported that GSO will be providing quarterly reports starting January 2024. A report was provided for the first quarter of 2024 but this report only included revenue and not a full report on expenses. Christina spoke with Delegate on the importance of expense reporting. Delegate agreed that expense reporting is important and agreed to push for more transparency on expense reporting, especially on larger projects such as translations, app development, etc. Given that quarterly reporting was just approved and GSO is still figuring out what that report should look like, it will be a while before GSO can feasibly do monthly reporting. The Delegate was confident that many people at the General Service Conference were agreeable to better expense reporting to the groups and better transparency will come but it will be a process.
